

Disability Advisory Service (DAS) Drop-In

The DAS are offering a student drop-in. Students will be seen on a first-come, first-served basis by a disability advisor who can spend up to 10 minutes dealing with any quick queries (see below).

When?

Visit DAS [home page](#) for days/times available.

Where?

Disability Advisory Service, [3 Worcester Street \(OX1 2BX\)](#) – report to reception on arrival.

Who can attend?

You do not need to register/be registered with DAS to attend a drop-in. DAS drop-ins are suitable for current Oxford students who have quick queries on:

- Should I register with the DAS?
- What support is available?
- Is my medical evidence sufficient for me to register or apply for Disabled Students' Allowance (DSA)?
- Does my diagnostic/ medical evidence meet Oxford's criteria for exam/study support?
- How do I apply for DSA?
- How do I fill out my DSA application form?
- I have a letter from my funding body about my DSA application but am not sure what to do next.
- I want to drop off some paperwork.

When is the DAS drop-in not suitable?

Drop-ins are not an alternative to a meeting with your advisor. You can book a 30- minute appointment if you need to discuss something more in-depth, for example:

- I need to talk about my study support arrangements (including Student Support Plan content).
- My study support requirements have changed.
- My study support arrangements are not working and need to be reviewed.
- I think I have a specific learning difficulty (SpLD) and would like an assessment.
