

Course Information Sheet for entry in 2019-20

DPhil in English

About the course

The DPhil in English is intended to develop the skills and understanding necessary to undertake and present original research at a high level, and provide a thorough foundation for a career in research.

Under the guidance of your supervisor, you will complete a thesis of 80,000 to 100,000 words. A typical term will involve a great deal of independent research, punctuated by meetings with the supervisor who will be able to suggest direction and address concerns throughout the writing process. It is expected that you will have at least two substantial supervisions in each term.

You will be enrolled as Probationary Research Student and then apply to transfer to full DPhil status during your first year. A further assessment of your work and progress takes place during the third year of the programme.

There is no specific coursework requirement for an English research degree, however you will have the opportunity to attend a wide range of classes, seminars and lectures in order to learn bibliographic and research skills, interact with other researchers or gain new perspectives on their work. You may also be encouraged to attend the research skills courses available as part of the master's (MSt) programme, depending on how much of this training has been covered previously.

You are encouraged to gain teaching experience, so long as it does not interfere with your own progress, and are invited to attend Faculty-run preparatory teaching workshops and seminars.

Additional cost information

There are no compulsory elements of this course that entail additional costs beyond fees (or, after fee liability ends, continuation charges) and living costs. However, please note that, depending on your choice of research topic and the research required to complete it, you may incur additional expenses, such as travel expenses, research expenses, and field trips. You will need to meet these additional costs, although you may be able to apply for small grants from your department and/or college to help you cover some of these expenses.
